

SBE479 workers Compensation

Minimizing Risks and Managing Claims

Work-related injuries present a challenge to your business and the injured worker, resulting in increased costs and decreased employee productivity. Our workers compensation offering, with A+ rated carriers, claims experts and workplace safety programs, aims to reduce the costs of work-related injuries. Gain access to large company coverage and our pooled modifier for competitive premiums. A convenient pay-as-you-go program with no deductibles helps improve cash flow, resulting in predictable costs and better financial planning.

The combination of claims management, risk control services, and workplace safety programs helps protect you and your employees. Our claims management team is experienced, responsive, and focused on providing you with expedited case resolution while also helping to prevent fraudulent claims. Risk control consultants help reduce the likelihood of work injuries and associated expenses. Lastly, hazard assessment of worksites and safety training videos keep your employees safe even during hectic work hours. A comprehensive risk management program helps you deliver employee safeguards.
